## New Business:

- **Presentation regarding future use of the business park-** Scottie Sandstrom and Mark Abels- Allison gave overview of our town business park future use. Last year they stated the Town of Eileen had the largest increase in valuation in the county. We want to fill the business park up with business! Scottie stated that an engineer has been hired to put together a “master plan”. There is a possibility of widening the intersection to State Farm Road due to semi’s turning in. The county is working with Cedar Corporation in this plan right now. They are looking at re-routing the road to where the Eileen town hall is right now so that there is not such a sharp turn into the driveway from US2. They are working the septic systems for businesses looking at options of mound systems or possibly one large municipal system. They have already conducted

a wetland survey and that the whole business park is not in any wetland area. Cedar Corporation will help them market the business park.

- **Town Picnic**- Looking at a tentative date of September 18<sup>th</sup>. Carol will put together postcards rather than posting in the paper.
